Reviews From Hosts

- Mikyung is a great guest and a wonderful person! It was a pleasure having her stay during her visit to California. She was communicative about her arrival and departure, so sweet and left the room in great shape. Would highly recommend hosting and would be balky to have her back!

We can thoroughly recommend the hosts and their fantastic accommodation! The attention to detail, the cleanliness and all those "little things" that make your trip worthwhile were seen to by the boys. We had a great holiday and thank them for making it all possible. Cheers.

Wow. Brand new place, secure, sparkling clean and great location. Stayed a couple nights for a business trip and it was one of the best value properties I found in Melbourne. Nick was a great host, communicated well which is important for me.
